You and your guests deserve a wedding celebration that reflects your unique style, courtesy of DJ Bri Swatek, Spinning with Style. Listening to you before your wedding and continuously reading the crowd during your event, DJ Bri will make sure that your guests are up, dancing, and having fun to all the music you love (and none that you don't!) Announcements and audience interaction are always done tastefully, tailored to reflect your personal style. DJ Bri will be more than happy to take requests from you and your guests, all the while respecting your Must Play and Do Not Play lists.

DJ Bri's music library includes everything from party classics to the latest hits and DJ Bri exclusively uses professional mobile DJ equipment, fully insured for liability and completely backed up on-site. Throughout your wedding, DJ Bri will continually monitor the music's volume to create an enjoyable time for all your guests. In addition to DJ and MC services, standard event lighting is available above the dance floor and in the DJ booth to match your wedding colors. DJ Bri's announcements, music, and lighting are always carefully coordinated with all of your other vendors.

To thank you for choosing to have your wedding celebration with Tricia and Marty Van Dyk at their outstanding venue, Lippincott Manor, DJ Bri is proud to offer the following special all-inclusive pricing package:
